

*For home or business, AiTech has the complete package of services for you. We focus on making your communications life easier!*

**DIAL**

### Local Services

AiTech offers Local Service at a value of up to 30% less than ILEC Services. Take advantage of our Residential and Business Essential Packages. Our packages can be customized with the features you need, such as voicemail, caller id, etc.

Are you tired of dealing with phone companies that are too big to care about the quality of your service? If yes, then it's time to make a refreshing change to AiTech. Since its founding in 1992 AiTech has become a leader in providing reliable, quality telecommunications services to all of its customers--large and small. At AiTech we have not forgotten the importance of excellent service and are committed to providing this level of service to you.

### Long Distance & Toll Free Services

AiTech offers the very best Long Distance Services available. Whether it's a single line, or multiple T-1's, our customers receive competitive rates with exceptional service. We invite you to experience the AiTech difference.

AiTech Long Distance and Toll Free Services include the following enhanced features:

- No minimum usage fees
- Competitive rates
- 6 second billing increments
- Monthly billing with multiple payment options
- Validated and non-validated account codes

### Calling Card Services

AiTech offers Domestic and International Calling Cards. Calling Cards can be ordered for "stand-alone" accounts or in conjunction with Commercial and Residential Long Distance Service.

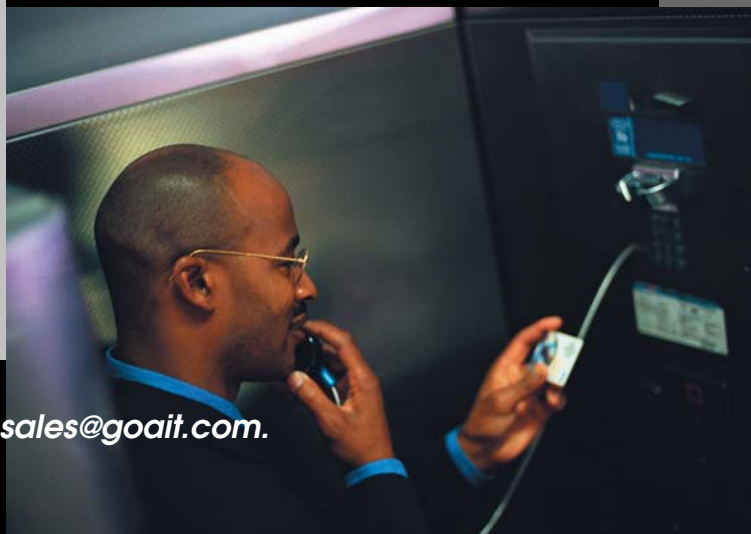

The AiTech Calling Card includes the following enhanced features:

- Customized voice prompts for special groups or projects
- No per call surcharge (except payphone originated calls)
- 6 second billing
- Toll free access from any touch-tone phone
- Easy to follow prompts
- Choice of PIN number
- Competitive International rates to over 200 countries
- Origination from all 50 states and Canada
- Toll Free International Origination from over 90 countries
- Fraud protection
- Prepaid calling cards also available
- Customer support available 24 hours a day, 7 days a week

### Why should I choose AiTech's Calling Services for my home or business?

While other companies are talking about making telecommunications simple, AiTech actually delivers simplicity without compromising the level of service that customers expect.

AiTech is able to cut through the clutter in the telecom space and offer businesses what they need: a reliable, end-to-end source for telecom services with a broad product suite backed by trustworthy, dependable customer service.
